Short Track Speed Skating Coaching Accreditation Pathway

The Level 1 Short Track Speed Skating Coaching Program is accredited through the Australian Sports Commission and is the first step in the Australian Ice Racing Inc. (AIR) coaching pathway.

The Level 1 Short Track Speed Skating Coaching Accreditation concentrates on the required basic skills and information that is essential to the Club coach.

Level 2 builds upon these basic skills and introduces more advanced skills in the detection and correction of errors in a skater's technique along with many of the other skills that are required of a more senior coach at State and National Levels.

Level 3 further extends and builds upon advanced skating skills. This program is intended for International Level competition.

In undertaking the Level 1 Short Track Speed Skating Coaching Accreditation Program you are entering the first of the three tiered accreditation levels that allows for the education of coaches from club level through to National, International and Olympic levels.

Coaching Seminars

It is anticipated that a level 1 or level 2 coaching course will be held each year in conjunction with the AIR development camps. Online elearning material will also be utilised in addition to any face to face training.

How to become an AIR Level 1 Short Track Speed Skating Accredited Coach

Entry Pre-requisites:

STEP 1: Successful completion of the ASC Community Coaching General Principles Course

The Course contains a few modules, covering a range of general coaching topics including the roles and responsibilities of the coach, planning, safety, working with parents, communication, group management and inclusive coaching practices when working with people with a disability or special population groups.

The ASC Beginning Coaching General Principles is a free online course that takes approximately a few hours to complete, and includes assessment. Coaches have six months to complete the course after they register. The course can be accessed 24 hours a day, 7 days a week in a location with internet access.

Information for online coaching course can be found in the following link:

https://www.sportaus.gov.au/coaches_and_officials/coaches

Participants can register on the E-learning portal via the following link:

<https://learning.ausport.gov.au/login/index.php>

Once you have registered, the Community Coaching General Principles course will appear under your my Learning tab. Please email a copy of your certificate to generalsecretary@australianiceracing.org.

STEP 2: Successful completion of the Safeguarding children certificate with the Australian Childhood Foundation

The online course can be accessed with the following link:

<https://safeguardingchildren.trainingvc.com.au/login/index.php>

Enrolment Key

An enrolment key is required to access the course. Each user will be required to enter the enrolment key to access the course once they have registered

Your enrolment key is **AIR0425**

Course Name

Your course name is Australian Ice Racing. **DO NOT** select the Australian Ice Racing 2020 one.

Once you have completed the course, you will be able to download the certificate. Please email a copy of the certificate to generalsecretary@australianiceracing.org.

STEP 3: Undertake a minimum of 5 hours observation or coaching practice prior to commencing the Level 1 sport-specific component.

The five hours may include observation (in person or through video) or assisting an accredited coach of ice racing skaters at any level. All hours must be recorded and signed by a current Short Track Speed Skating Accredited coach.

For example:

<i>Date of Activity:</i>	<i>Venue:</i>	<i>Hours</i>	<i>Type of activity undertaken (i.e., assisting, observation, video)</i>	<i>Name of Accredited Coach (include accreditation number)</i>	<i>Signature of Accredited Coach</i>

Coaches are requested to include a copy of their certificate as part of their application. All candidates must provide a signed AIR Coaches Code of Conduct Agreement (refer to Appendix 1) and have a current State/Territory Child Protection card. Please note that candidates must be a minimum of 16 years of age on the date that the Accreditation Program requirements are completed to be eligible for Level 1 Short Track Speed Skating Coaching Accreditation. However, the above pre-requisites can be completed prior to turning 16 years.

Level 1 Short Track Speed Skating Coaching Accreditation Program

Attendance of Level 1 Short Track Speed Skating Coaching Course

The Level 1 Short Track Speed Skating Coaching Course contains five modules linking to competency standards, learning outcomes and assessment tasks.

- Module 1: Equipment (1 hour)
- Module 2: Basic Principles (5 hours)
- Module 3: Games (2 hours)
- Module 4: Lesson Planning (2 hours)
- Module 5: Rules in Action (1 hour)

The following competencies will be achieved through the sport-specific component of the Level 1 Short Track Speed Skating Coaching Accreditation Program:

- Safely and effectively sharpen short track speed skates (*Module 1 – Equipment*)
- Safely teach the basic skills of skating when instructing beginner skaters (*Module 2 – Basic Principles*)
- Identify skill faults and correct technique for the basic skills of Short Track Speed Skating (*Module 2 – Basic Principles*)
- Maximise opportunities for successful participation through the use of games and activities (*Module 3 – Games*)

- Apply game concepts to further skill acquisition (*Module 3 – Games*)
- Plan and review a coaching session appropriate for beginner skaters (*Module 4 – Lesson Planning*)
- Demonstrate an understanding of the rules of Short Track Speed Skating in relation to beginner skaters (*Module 5 – Rules in Action*)

In line with the Australian Sports Commission (ASC) guidelines and competency based education and training, assessment is carried out to determine if candidates have met the requirements of the accreditation program. Significant emphasis is placed on learning strategies that lead to coaches developing competencies. This approach to education requires the training program to develop competent coaches through a program of education and training to develop the competencies that are identified for that level of accreditation. Less emphasis is placed on pass/fail grading. A candidate who is assessed as “not yet competent” will be guided to attend to those learning outcomes where additional work is required to meet the competency standard.

The sport-specific theory and practical components of the Level 1 Short Track Speed Skating Coaching Accreditation Program will include a range of assessment tasks and flexible assessment practices to provide for participants with special needs. The assessment tasks have been developed in line with ASC guidelines regarding principles of assessment, validity, reliability, flexibility and fairness. Assessment tasks will include a combination of input during group discussion, practical coaching tasks, worksheets and lesson planning.

If the candidate is assessed as not-yet-competent for any of the competencies, the Presenter/Assessor needs to indicate on the Assessment Form an outline of the ACTION PLAN discussed with the candidate. The action plan statement should identify further training, development or assessment needs to assist the candidate to reach the competency standard.

Post Course Coaching Practice

After the successful completion of all modules of the sport-specific component of the Level 1 Short Track Speed Skating Coaching Accreditation the candidate is required to complete five (5) hours of additional practical coaching. Half of these practical coaching hours can be self monitored through the use of a coaching logbook. The other half of the practical coaching hours must be signed off in the logbook by an authorised coach within the sport (eg National or State Coaching Co-ordinator).

For example:

<i>Date of Activity:</i>	<i>Venue:</i>	<i>Hours</i>	<i>Type of practical activity undertaken (i.e., coaching age group, type of competition etc)</i>	<i>Name of Accredited Coach (include accreditation number)</i>	<i>Signature of Accredited Coach</i>

Recognition of Prior Learning/Current Competence (RPL/RCC)

Recognition of Prior Learning

The responsibility for the delivery of the sport-specific component of the Level 1 Short Track Speed Skating Coaching Accreditation will lie with the AIR Board. The AIR Board will be responsible for the implementation of the course within Australia and all results will ultimately be determined by the AIR Board.

Applications for the recognition of prior learning (RPL) will be required to be made in writing to the AIR Inc. by the person concerned with all supporting documentation (with certified translations if necessary).

Supporting documentation may include the following items:

- Copies of Certificates, qualifications achieved from other courses, school or tertiary results
- Statements outlining courses and/or study undertaken and the learning outcome/competencies achieved
- A resume of coaching experience
- Reports from qualified individuals with AIR Inc.
- Relevant work samples, eg. Training programs, video of the applicant's coaching sessions
- Evidence of home/self directed study which may include a list of recent readings synopsis of seminars attended, reports of own research/analysis undertaken

An RPL/RCC assessment panel will be appointed by the AIR Board and will assess the application. The panel will comprise of people who are experienced in the areas of coach education and assessment.

It is also desirable but not compulsory that they are accredited at a higher level than the RPL/RCC applicant and have achieved the qualification of Certificate IV in Training and Assessment.

RPL/RCC procedures

The following sequential process has been established as the procedure to be followed when a person wishes to obtain credit of prior learning or current competencies through RPL/RCC.

Step 1 – complete application

Applicants will need to gather all relevant supporting documentation and complete the RPL/RCC application form. Refer to Appendix 2.

Step 2 – assessment

The application will be reviewed by the RPL/RCC assessment panel. A member of the assessment panel will be elected as the assessor by the panel. The assessor will compare the evidence provided by the applicant with the competencies required for the training program. A judgment will be made about whether the applicant wholly or partially meets the requirements. The assessor should check that the evidence submitted

conforms to the following RPL/RCC principles:

- Validity (is the evidence relevant?)
- Sufficiency (is there enough evidence?)
- Authenticity (is the evidence a true reflection of the candidate?)
- Currency (is the evidence recent – obtained within four years?)

The RPL/RCC assessment panel review and approve the assessors' reports before communicating the recommendations to the applicant. Refer to Appendix 3.

Step 3 – notification

The applicant will be notified of the decision within two months of receiving the application. In the event of partial completion of the competencies, the panel will outline which competencies still need to be achieved, and preferably what evidence is still required.

Options include:

- Supply further supporting documentation
- Complete certain assessment activities
- Complete parts of a training program
- Work with a mentor to obtain the required competencies
- Successful applicants for RPL/RCC will receive the appropriate certification/accreditation, and where appropriate, will be placed on the NCAS database

Step 4 – appeal

The applicant has the right to appeal the RPL/RCC assessment panel's decision, if they believe the decision is unfair, unjust or if the panel has misinterpreted the evidence. In the case of an appeal, it will be referred to the AIR Board. The AIR Board will review all material available and make a decision. The AIR Board will notify the applicant of the decision within two months of receiving the appeal. The decision of the AIR Board will be final.

Registration with National Coaching Accreditation Scheme

AIR Inc. endorses and utilises The Australian Sports Commission's (ASC) Sports Accreditation system and maintains our coaching accreditation records in a register.

Level 1 Candidates are required to register or re-register to the National Coaching Accreditation Scheme (NCAS). Refer to Appendix 4 for a copy of the Registration or Re-Registration Form.

Additional training

While not mandatory, the following online course will provide additional training for level 1 coaches and will earn credit points for re-accreditation as illustrated in Appendix 2:

- [Intermediate coaching general principles \(SPORTAUS\)](#)
- [ISU eLearning](#)
- University of Florida eLearning
